

## Mickey and Friends Color-In Snowflake Ornament

### Instructions

Cutting intended for grown-ups only.

1. Print out the ornament on regular paper or cardstock. Give it to your child to color and add their own touch, such as glitter and/or paint.
2. Once the ornament is dry, fold the page in half along the dashed line and glue it so the design is now two-sided.
3. Cut out the snowflake and punch a hole in the top. Hang the ornament from your tree by a string or ribbon.
